

Secure, Quick and Convenient

The **Self-Pay Kiosk** from Banking Automation offers a cash and card-based payment facility to your customers, accepting rent, council tax and other sundry payments.

Cash payments may be made using notes and coins whilst card-based transactions can be carried out using the latest Chip & PIN technology.

The kiosk can be installed in-the-wall or alternatively mounted on a freestanding pedestal.

Benefits of Self-Pay Kiosk

- Compact, easy to install
- Easy to use touch-screen interface
- Counts and authenticates cash payments
- Issues change (coin) to customers where necessary
- Accepts debit/credit card payments
- Issues detailed receipt slip for each payment made
- Maintains detailed audit records

We have a Worldwide network of strategic partners and distributors

Banking Automation has developed a valuable network of strategic partners and distributors, to help represent the Company on a Worldwide basis.

We are firm in the belief that there is no substitute for using local knowledge in order to fully understand local issues, practices and culture.

Each of these organisations is a specialist in cash handling products and the successful implementation of self-service equipment.
